Engineering Excellence

Mercra specializes in Mechanical, Electrical, and Plumbing (MEP) engineering solutions, committed to delivering exceptional services across diverse sectors. Founded by seasoned professionals with a wealth of experience, we are dedicated to quality, reliability, and excellence. We offer comprehensive installation, commissioning, and maintenance solutions

→ **Mission**

Mercra's mission is to deliver exceptional MEP solutions by integrating advanced technologies and innovative methods that enhance functionality, safety, and environmental responsibility in every project. Mercra is dedicated to meeting its customers' needs across projects of all sizes and complexities throughout India.

→ **Vision**

Mercra's vision is to be a leading and reliable MEP contractor, delivering high-quality, safe, and timely solutions that create sustainable and efficient environments. By upholding the highest standards and ensuring precision in every project, Mercra empowers businesses and communities.

Our Core Values

Professionalism

Excellence Enhances Experiences

Mercra is committed to upholding the highest standards of integrity, accountability, and transparency in all its interactions with clients and partners.

Proactiveness

Exceeding Every Expectation

By anticipating challenges and proactively seeking optimal solutions, Mercra is dedicated to continuous improvement and exceeding client expectations.

Perseverance

Dedicated Driven Dependable

Mercra is steadfast in its commitment, providing reliable solutions with determination to ensure success for its customers, partners, and team.

Services

Comprehensive MEP Solutions for Operational Excellence

Mercra offers a comprehensive suite of MEP services designed to ensure operational excellence, safety, and full regulatory compliance

Optimizing Comfort and Safety with Advanced Mechanical Solutions

Specializing in HVAC systems, Central Chiller, VRF Systems and fire hydrants, we deliver optimal comfort and safety solutions that comply with all relevant regulations.

Powering Efficiency with Reliable Electrical Services

Our electrical services encompass both high and low voltage needs, including power distribution architecture for lighting with cabling, data networking, and security systems, ensuring efficient and reliable functionality.

Clean Water Access and Safe Waste Management

We provide comprehensive plumbing solutions covering water supply and waste management, essential for clean water access and safe waste disposal.

Tailored Fire Safety Solutions for Peace of Mind

We design and implement fire alarm and suppression systems tailored to each building's specific requirements, ensuring safety and regulatory compliance.

Centralized Control for Enhanced Comfort and Operations

Our centralized control solutions optimize the management of HVAC, lighting, security, and other systems, ensuring smooth operations and enhanced comfort.

Expertise

MECHANICAL

- HVAC, Ducting,
- Chilled water piping,
- Variable Refrigerant Flow systems,
- Air balancing
- BMS
- DX Units and Fan Coil Units

ELECTRICAL

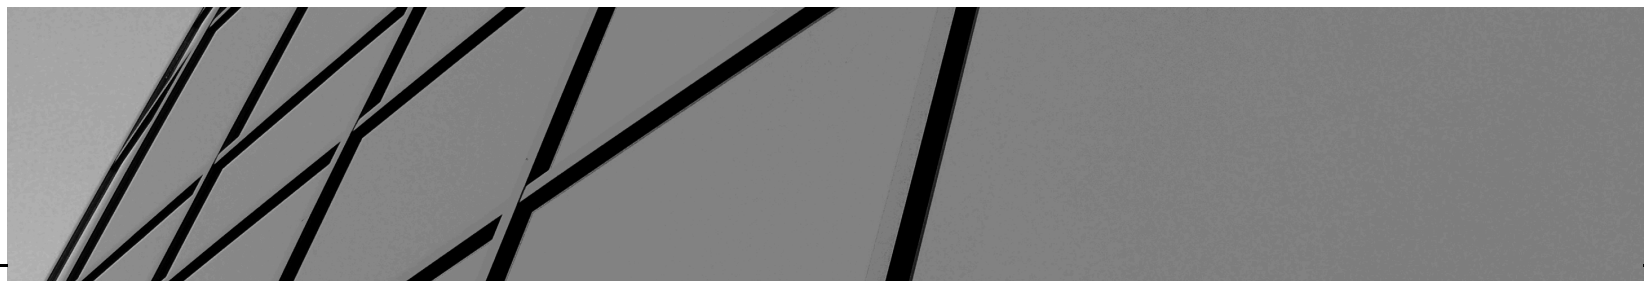

- LT/HT systems,
- Earthing & Lighting,
- Main Feeder
- Generator
- Power Distribution
- Data networking,

PLUMBING

- Plumbing
- Sanitary
- Sewage
- Water filtration,
- Water treatment,
- Hot & Cold water supply system

FIRE & SAFETY

- Fire alarms,
- Fire suppression
- PA system
- CCTV
- Access Control Systems
- Barriers and facility Safety

Service Verticals

With extensive expertise across various industries, Mercra is a trusted partner for businesses striving for leadership. Mercra's sector-specific insights enable it to deliver tailored, competitive solutions.
